Chapter 1 Introduction

According to John Donaldson (1989), 'Business ethics in short can be described as a systematic study of moral (ethical) matters pertaining to business, industry or related activities, institutions or practices and beliefs' In defining business ethics Laura Nash (1990) observed that the moral standards of business are not different to that

CHAPTER ONE: WHY STUDY ETHICS?

Business Ethics Business ethics refers to those values, standards and principles that operate within business. Business ethics is also an academic discipline that studies those standards, values and principles while seeking to articulate and defend the ones that ought or should operate in business.
